ADMINISTRATION

It seems only months since Frontier School Division was established, yet we are now in our fourth year of operation. In the interval between 1965 and the present high school, along with about forty elementary schools in the Division, has grown and developed. We have achievements to look back on, records to have pride in, but still many things to accomplish.

Such worthwhile things as have been done in our school system have been done because of concerned people working together. Students, parents, teachers and administrators all have had a part to play where something of value was accomplished and no one could have left his part to someone else without marring the result. This is a point that you will do well to remember, both while you are in school and later on as you head into everyday adult life. Be ready to do your full share in things that matter to you, and do it first! There is a good chance that others will help.

Mr. K.R. Jasper

As the school year closes we are able to look back with fond memories on a year that has been brim full with endearing friendships, and a variety of happy experiences.

This past year, being the fourth year of Collegiate operation, is a very significant year in that, for the first time, we have graduates who have received their entire high schooling in the Frontier Collegiate Institute.

There are people who judge the worth of a high school in terms of the numbers and quality of its graduates. To these people you and I can say that of the 101 students in grade IX in September, 1965, 20 were taking grade XII this year. On behalf of all staff members, I take this opportunity to extend to this special graduate group a very special wish of personal happiness and success.

J.W. Milner
Assistant Superintendent
(Secondary)

The purpose of a high school education is to give young people choices they would not otherwise have. These choices are exemplified in terms of job opportunities, places of residence, and social and recreational skills. Hence, the question of the future of the graduates of this Collegiate is of concern to all of the staff and students alike.

It is my belief that many students are unaware of the choices that a high school diploma would give them and are simply putting out as much as they need to get by. This does not, of course, apply to all of the students.

In conjunction with this we must note that the drop-out rate has decreased sharply since the Collegiate began, and that this year's graduating class is the first to contain students who have been here from the beginning of their high school career.

Hopefully, the graduates of the 1968-69 school year will be proud forerunners of all future as well as present students of F.C.I. and by their example point to the basic purpose of this school.

Mr. Orchard

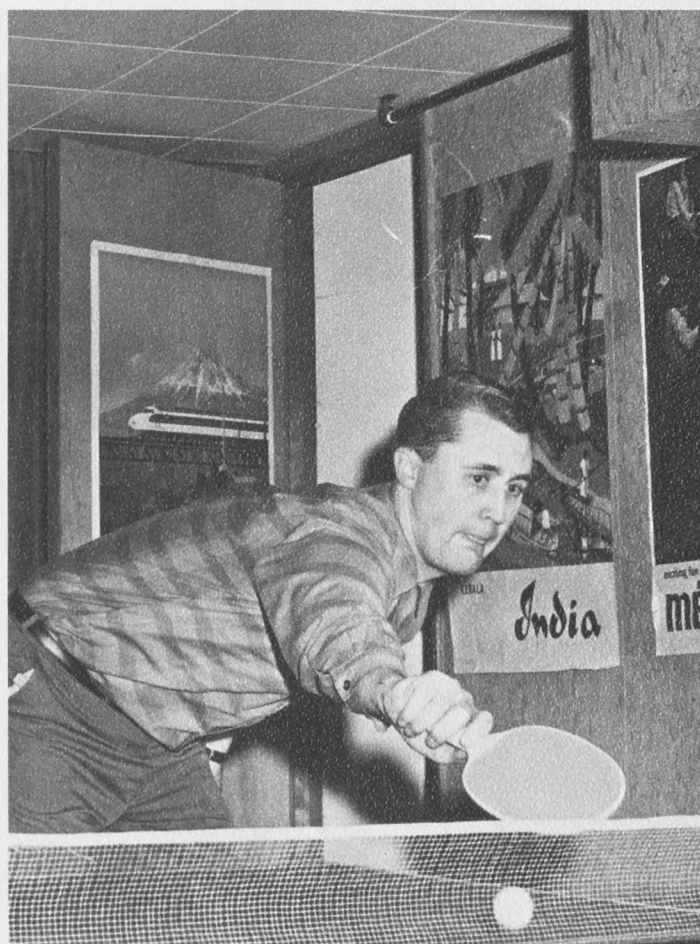

I wish you, the graduates and students of 68-69, courage and success in your daily education. Not one day goes by that does not lead us to either greater success or greater failure. You cannot limit your education to just a few years of life. Stop learning and in a real way you stop living.

To live successfully, try to experience all things to capacity. Spiritually, a nearness to God, and man mentally an understanding and accuracy; physically, a self-control and capability. To live successfully, fight wisely against all that is unacceptable and always stand for what you are in spite of the odds. To live successfully, be someone special, worthy of the respect of all men.

I wish you courage and success. Without courage--the ability to stand for what you are--can there be success?

Each year many students harbour thoughts about quitting high school before completing the grade XII level. The temptations of jobs, easy money, and freedom of movement lure them to think that this is real life. In contrast the student, to be successful in his studies, must spend the evenings at his books, cope with new challenges daily, and as for money, well a five dollar bill is almost as strange to him as the capital of Zanzibar. But which teenager is laying a foundation for greater possibilities?

If the teenager employed, and the one in school, would turn from this immediate and short-sighted outlook on life and project their thinking a decade or so the situation could be reversed. Possibilities for employment at a higher level and with better pay are much greater for the student with a senior high school training.

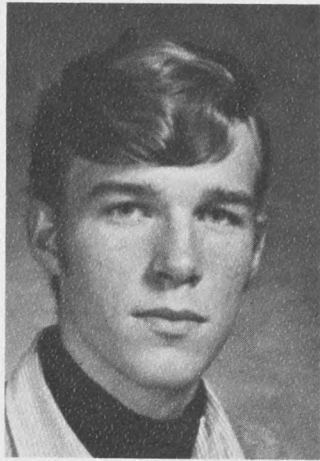

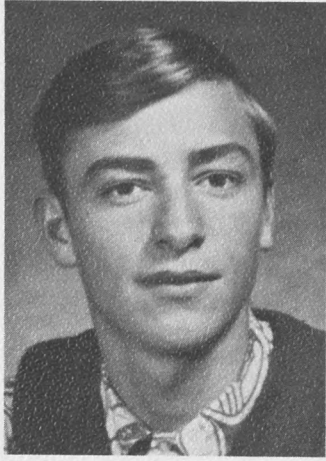

Culturally it is a life more abundant and spiritually it is more rewarding because he can serve mankind better.

ACTIVITIES

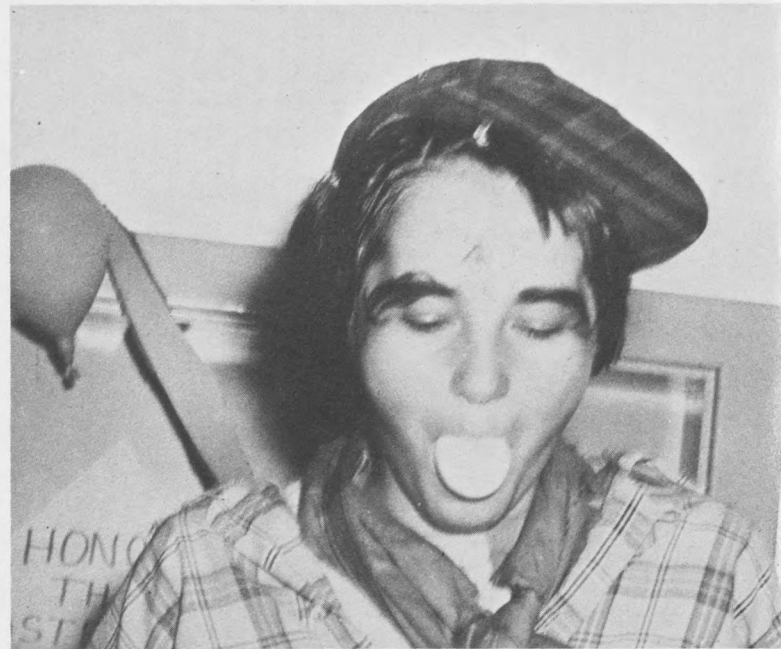

Freshie Day

Progress is built on invention: Linda Genaille and Reg Dowson tried whipped cream and a spatula for removal of Ed Posyniak's three whiskers.

"Oh, you gorgeous creature, you!" An anonymous admirer was quite overcome by James Delaronde's sophistication.

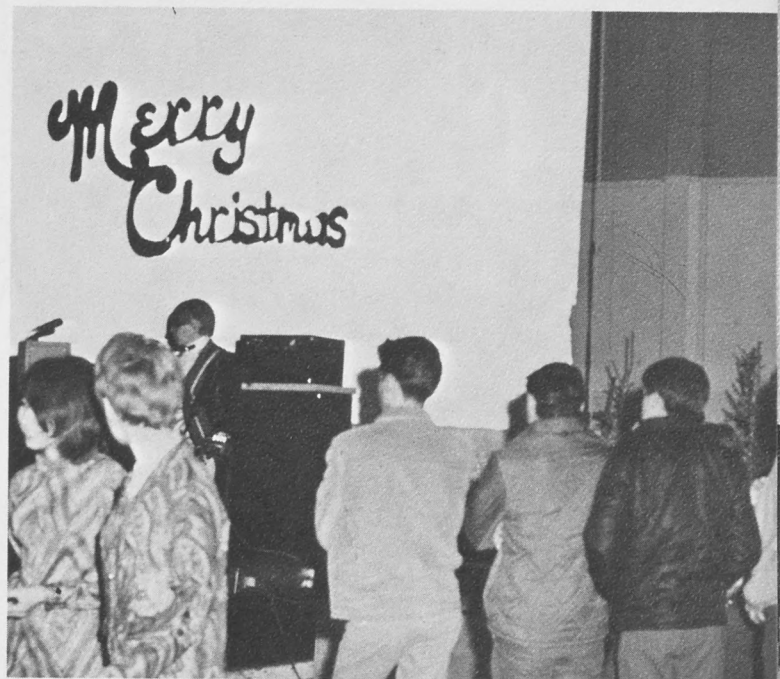

Jumping off the stage holding an egg in your mouth has its drawbacks. Do you suppose Rose Lavallee wondered if the egg contained a chicken?

Christmas Dance

Our group. Almost perfect. In fact, the whole evening was almost perfect.

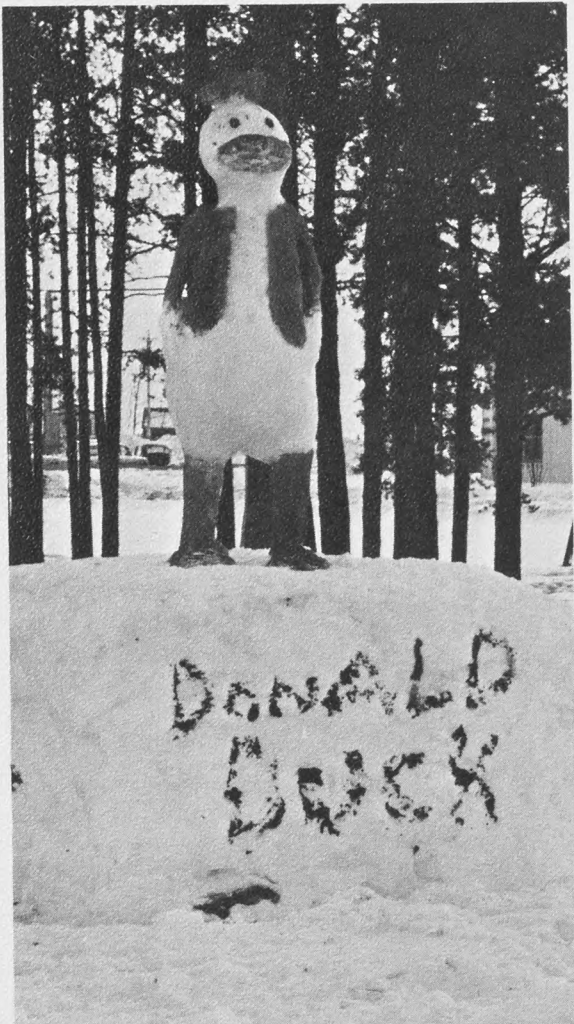

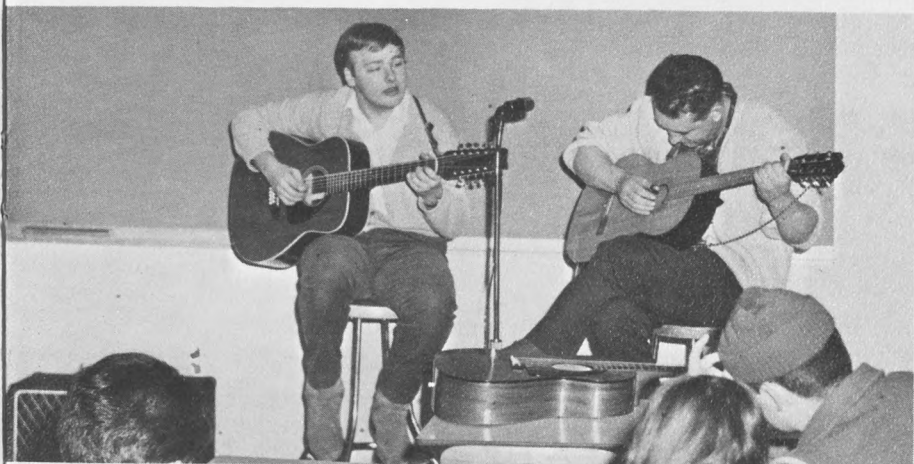

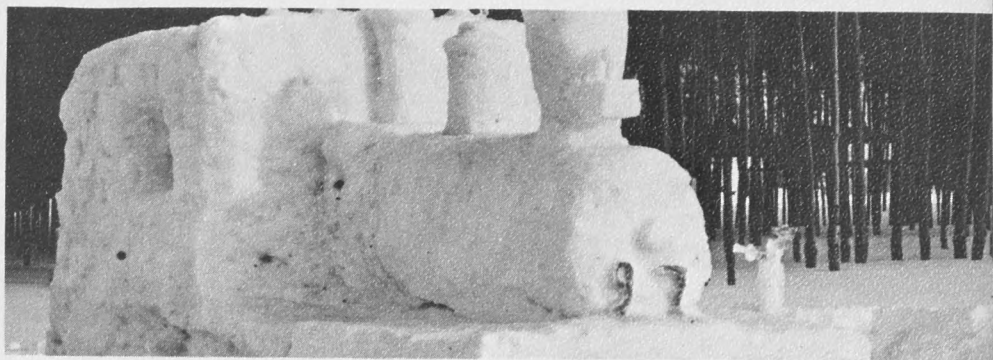

The guys who didn't dance that night turned to watch, drool and turn green with envy.

The Agony and the Ecstasy- Tight shoes, bare feet.

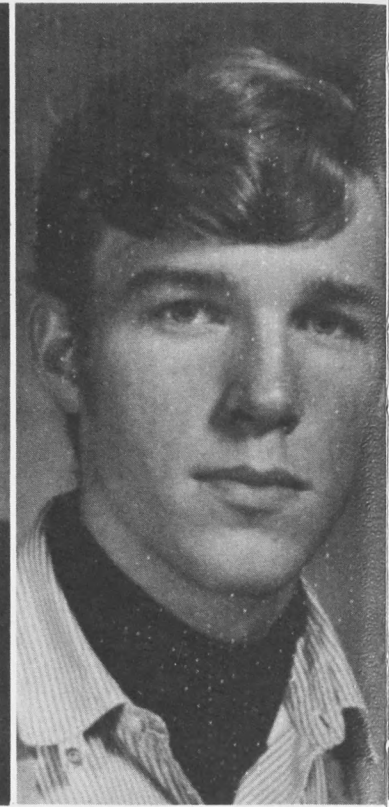

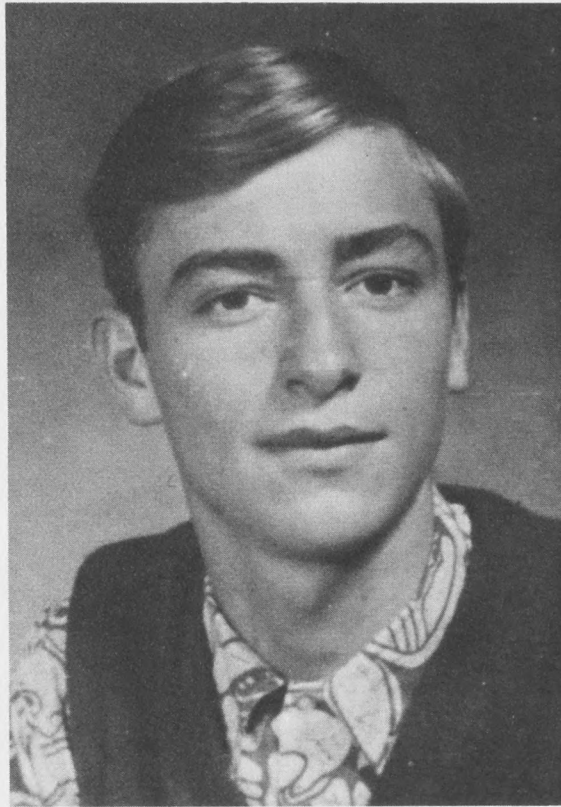

Snow Week

On the twenty-second, twenty-third, and twenty-fourth of November, 1968, we attended the annual Manitoba Youth Conference on Mental Retardation in Winnipeg. We listened to lectures by many distinguished men and women. The causes and types of mental retardation were clarified. Many new and astounding yet logical ideas were explained.

Such as: if the expectant mother drinks too much coffee, the caffeine in the coffee has a link with causing mental retardation in the unborn child. Facts were stated like: thirty out of every one thousand babies born are mentally retarded, and the role of the youth of Canada in helping the retarded was discussed.

Eliza Guiboche represented Frontier Collegiate in the twenty-second annual Trapper's Festival in The Pas. Out of the seven contestants entered, she was chosen first princess.

Eliza was born in Thicket Portage nineteen years ago. She now calls Thompson her hometown. She has spent the last four years at Frontier.

Asked what she thought of the festival, she replied, "I really enjoyed myself and met a number of wonderful people. It's an experience I shall value forever."

SENIOR BOYS' VOLLEYBALL

LEFT TO RIGHT: Billy Knutson, Howard Halcrow, John Constant, Gary Thorne, Albert Sandberg, Joe Guiboche, Archie McKay, David Thorne, Billy Halcrow.

After being beaten by Thompson in the zone finals last year, Frontier Senior Volleyball team, this year, came up with the zone championship.

Prior to this the N. M. V. C. Tournament was won by the Frontier team. With two championships tucked away the team headed to Gimli for the Provincial Volleyball tournament.

Dogged by poor playing in the early stages of the tourney, Frontier came back and won their last eight games in a row to enter the semi finals against Thompson. Victorious again, but lost out the third game of the finals against Altona.

The second place finish allowed the boys to enter the Provincial A Tournament at the University of Manitoba where they put on a fine showing, being one of the strongest rural teams ever playing in the Provincial A Tournament.

JUNIOR BOYS' CROSS-COUNTRY

Roy Budinikas, Marcel Mercredie, John Thorne, Ralph Ross, Charles Fosseneuve, San Pranteau, Clarence Anderson, Mr. Woods.

Frontiers' First M. S. S. A. A. Champions.

On October 19, 1968; our Grade IX boys won the Zone XI Cross-Country Championship. The following Saturday they captured the Provincial Championship at Brandon over thirteen other teams; with a score of 34 points, runners-up scored 76 points.

SENIOR GIRLS' CROSS-COUNTRY

Dorothy Cook, Donna Everette, Marlene Genaille, Margaret Bittern, Sylvia Ross, Anne Spence, Mathilda Halcrow, Betty Chamberlain.

Standing is our Senior Girls' Cross-Country Zone XI Champions for the second year in a row. This team finished seventh in a field of twenty-three teams in the Provincial Championships in Brandon.

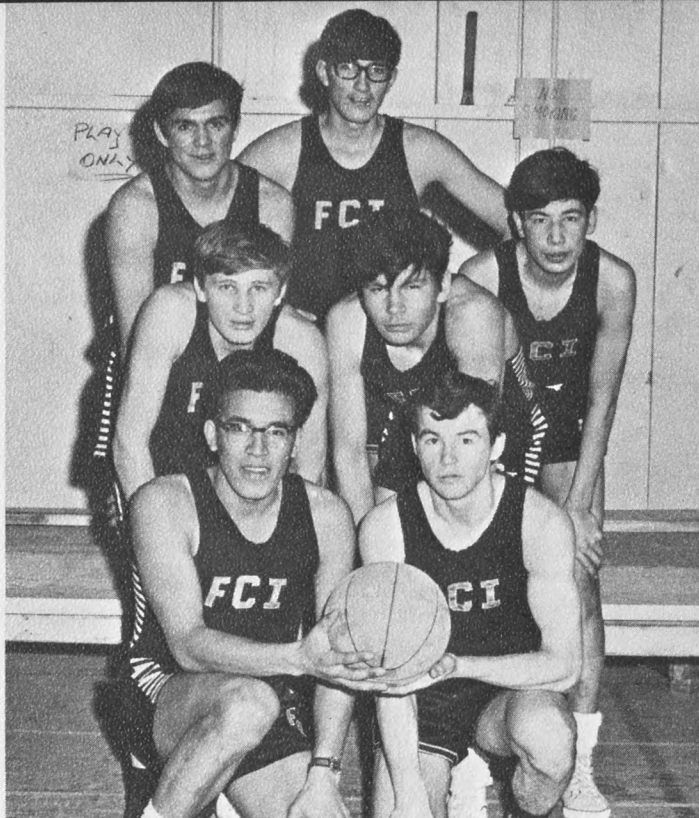

In starting positions are the girls open team. Mathilda Halcrow won the Zone XI Championship.

SENIOR BOYS' CROSS-COUNTRY

Glenn Kemp, Tommy Sandberg, Alderick Leask, Howard Beardy, Donald Ross, Mr. Woods.

Senior High School Boys' Championship of Zone XI for the fourth consecutive year. This team placed seventh, the same placing as in 1967, in the Provincial Championships at Brandon.

SENIOR BOYS' BASKETBALL

BACK ROW, Left to Right: Albert Sandberg, Archie McKay, John Constant.

MIDDLE ROW: Billy Knutson, Howard Halcrow.

FRONT ROW: Walter Martin, David Thorne.

SENIOR GIRLS' VOLLEYBALL

Jean Leptick, Margaret Pranteau, Nellie McDonald, Annie Spence, Josephine Berens, Elaine Wood, Yvonne Wood.

"It was the best of times; it was the worst of times"- this most accurately describes the Senior Girls' volleyball season. The team practised often and hard. Many exhibition games were played; most of them, won. At an early season tournament at N. M. V. C., the team placed third out of five schools represented. Then came the Zone 11 final Tournament at Thompson. Our third-place finish was a disappointment, but not a disgrace. Maybe next year?

TRACK AND FIELD

BACK ROW: Mr. Woods, Howard Halcrowe, John Constant, Archie McKay, Joe Guiboche, Albert Sandberg, Garry Thorne.

MIDDLE ROW: David Thorne, Tommy Sandberg, Max Beardy, Fred Schlachetka, Arnold Dysart, Rick Ducharme.

FRONT ROW: Dorothy Cook, Rosina Beardy, Linda McKenzie, Connie Simard, Barbara Zaharkow.

Some of Frontier's Track and Field Champions who won in 1968, for the first time, the Zone XI meet by amassing an amazing 295 points- 75 points above the runners-up!

David Thorne- 2nd place in the Junior Boys' long jump, made our best showing at the Provincial meet.

SENIOR GIRLS' BASKETBALL

BACK ROW: Rosina Beardy, Dorothy Munroe, Audrey Chartrand, Margaret Spence.

THIRD ROW: Nellie Macdonald, Mrs. Fedenuik, Jean Bayer.

SECOND ROW: Gloria Kennedy, Stella Sinclair.

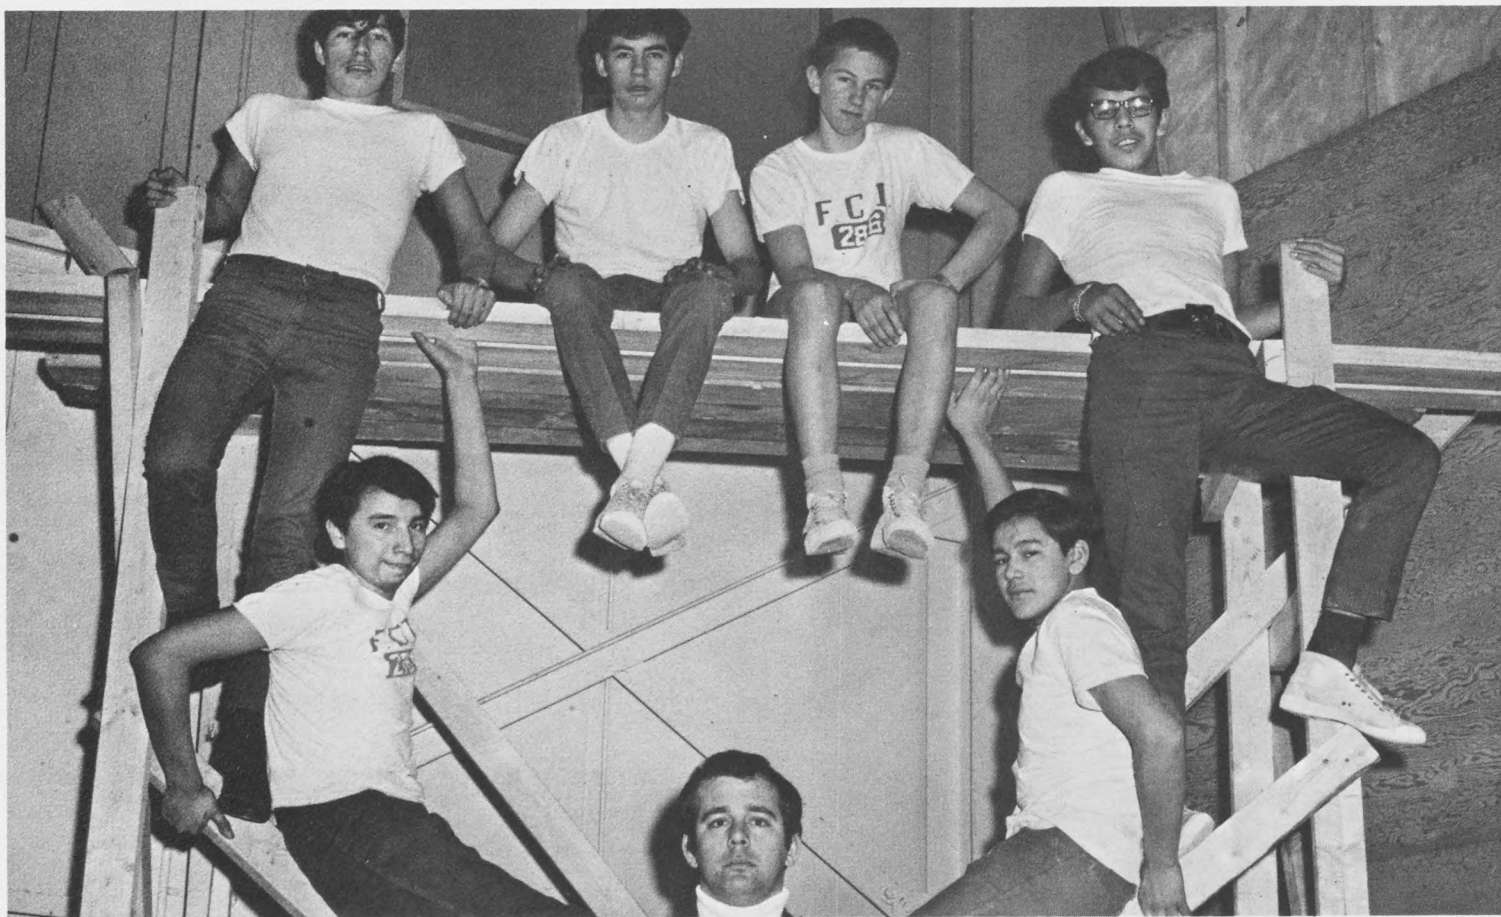

FRONT ROW: Annie Spence.

JUNIOR GIRLS' BASKETBALL

BACK ROW, Left to Right: Edith Sanderson, Jo-Anne Simard, Debbie Simard, Lorna Boulette, Angela Ledoux, Donna Everette.

CHEERLEADERS

LEFT TO RIGHT: Rena Chief, Donna Munroe, Dorothy Cook, Maria Cook.

They run high in the school spirit often so vital in a game. They work hard to keep our teams at their best.

AUDIO-VISUAL CLUB

LEFT TO RIGHT: Larry Arthurson, Teddy Williams, Johnny Mercredi, Suzanne Pfund, Lee Heroux, Glenn Smith, Randy Michelle.

These guys are Frontiers future camera men and communications workers. Many times they are a great help to the teachers by operating projectors and record players.

Mr. Gaitens is a "right" person, Easy going, he's always ready to help solve a problem. He has a vast amount of energy and ambition and has put much time into cadets, and other activities for the students. In the past year, he has taken a pilot's course, and is getting to be an expert pilot. Getting to know him is an enriching experience, as many students have, no doubt, found.
